

# Product Information

**Mytulin Restore** is a dietary supplement designed to support and improve immune health. Made from chaga mushroom extract, the Mytulin Restore formula leverages a new and unique method of extracting compounds from chaga mushrooms, resulting in enhanced efficacy and improved potency.

## Process

Our specialized extraction process isolates key bioactive compounds naturally found in chaga and enhances their bioavailability to help support overall health and wellness.

Once made bioavailable, these compounds promote synergistic cellular interactions that help maintain normal immune system function and support the body's natural defense mechanisms against oxidative stress and age-related cellular decline.

Working in tandem with the immune system, this supplement facilitates improved mitochondrial efficiency, enhancing ATP synthesis and overall cellular energy metabolism ultimately, creating a powerful presence amongst damaged processes, restoring whole systems to optimal function.\*

## Benefits

- ✓ A rich source of antioxidants
- ✓ Support for healthy metabolic function
- ✓ Increased immune system function
- ✓ Increased physical endurance
- ✓ Beneficial metabolites, including terpenoids, polysaccharides, polyphenols, melanins, and beta glucans

## Directions for Use

As a dietary supplement, adults may take up to 8 oz per day, or as directed by your healthcare provider.

Start with 1 oz daily and increase usage as tolerated. This product is intended for oral use only and can be taken directly or added to your choice of beverage. Discontinue use if not well tolerated. Contains: Mushrooms

## Storage

Store in a cool dry place. Refrigerate after opening. Shake gently prior to use. For best results, use within 60 days.

**Warnings:** Seek the advice of a qualified healthcare provider prior to use. Do not use if the safety seal is broken or missing. Keep out of reach of children.

## Pricing & Availability

**Mytulin Restore** is available at [mytosynth.com](https://mytosynth.com) in single 32 oz. pouches.
